THOUSANDS ARE SLAIN

Kurds Pillage and Massacre.

Men, Women and Children Put to Sword in Persian Villages.

Less Than Seven Hundred Soldiers Sent Against Horde.

Culmination of Series of Uprisings by Revolutionists Reached.

(BY DIRECT WIRE TO THE TIMES.)

TEHRAN, April 28.—(Exclusive Dispatch.) News reached here today that on April 25, 200 Kurds of the Shakkak tribe pillaged the villages near Urmiah, Salmas and Khoy and massacred 2000 men, women and children.

The ministers of the interior, war and foreign affairs were interpellated in the assembly today, members demanding an answer to the question as to what steps had been taken.

The Minister of War said 600 Kurds were sent against the horde, but were ordered from Mianabad to proceed at once to Urmiah for which expedition 25,000 tomans were available from the treasury.

The Minister of War said he had never spent any of the company's money except for the expenses of the expedition. It was necessary to appeal to the patriotic feelings of the country to procure the funds.

CULMINATION. The Minister of War promised to give the plans for the expedition at the next sitting on Thursday.

Present troubles in Persia date back to February 14, when the unrest culminated in the report that the Shah had been slain. The entire country had been in a tumult, but up to this time the "anarchists" had prevented any word of the disturbances reaching the outside world.

The report of the assassination was not confirmed until February 23, when a bomb was thrown at the Shah. The ruler escaped, but three guards or outriders were slain. The Shah then fled to the city of Isfahan, where he was surrounded by a mob of Kurds.

Following the bomb throwing, the Shah's guard ran amuck in the city of Isfahan, slaying many people and wounding others. Forty-two persons were wounded, and many were killed.

The report of the assassination was not confirmed until February 23, when a bomb was thrown at the Shah. The ruler escaped, but three guards or outriders were slain. The Shah then fled to the city of Isfahan, where he was surrounded by a mob of Kurds.

CORRUPTION ADMITS TRYING TO BRIBE JUROR.

METROPOLITAN AGENT MAKES STARTLING DISCLOSURES.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, April 28.—(Exclusive Dispatch.) Admissions that the Metropolitan Traction Company tried to bribe a juror in one of their accident cases, gave a \$200 watch to Coroner Hooper, paid plaintiff's witnesses to keep out of the case, and allowed policemen \$5 a day for testifying, were made today by a witness at the hearing of the charges against Dist. Atty. Jerome by the Kings committee.

The witness was Louis E. Julian, formerly head investigator for the Metropolitan. He was asked by Dist. Atty. Jerome if he knew of any case where money was spent corruptly by the Metropolitan. The witness did hear of several cases, but declared he had never spent any of the company's money except for the expenses of the expedition. It was necessary to appeal to the patriotic feelings of the country to procure the funds.

CULMINATION. The Minister of War promised to give the plans for the expedition at the next sitting on Thursday.

SAILORS ON RAMPAGE.

Wreck Beer Joint in Anger at Prices.

Santa Barbara Restaurant Is Ruined in Quick Time by Tars.

Many Overlay, Shore Leave to Get Back to Los Angeles.

Many Social Functions Are Given to the Officers of the Fleet.

(BY DIRECT WIRE TO THE TIMES.)

SANTA BARBARA, April 28.—(Exclusive Dispatch.) Indignant sailors here tonight wrecked the restaurant and beer saloon of John Senich on State street, near the Southern Pacific station.

They smashed in the windows, broke all the beer bottles in sight, and made the inside of the place look as though a couple of cyclones had broken loose. Senich is one of the local men who have been charging 50 cents for a bottle of beer and 25 cents for a miniature sandwich. Citizens here have no sympathy for Senich, but the officers are indignant that the sailors should have broken the wonderful record for good behavior they have established.

It took only a few minutes to wreck the joint, and a crowd of bluejackets, who watched the proceedings of the indignant squad, yelled their delight. Senich and his waiters fled at the first volley of rocks, glad to escape with their lives and cash, and nobody was hurt.

TWO ARRESTED. The charge of damage to property was made by the Santa Barbara police.

Other features of the celebration today were messages of congratulation from President Roosevelt and Pope Pius X. and the presence of leaders of the Catholic church of America, to Archbishop John M. Farley of New York.

Although the services did not begin until 10 o'clock, at 11 o'clock the huge St. Patrick's Cathedral was filled with 600 persons. Thousands stood outside.

Headed by a deacon bearing aloft a processional cross, clergy and people who participated in the ceremony marched in solemn procession from the Cathedral church on Madison Avenue to the main entrance of the Cathedral.

The very last and the chief personage in the celebration since was Cardinal Gibbons of Ireland. The mass began promptly at 11 o'clock. Cardinal Gibbons preached a long sermon, in which he reviewed the history of the Catholic church in New York from its earliest days until the present.

GETS CANINE'S SHARE. Helms, Mont, Alderman, Who Was Co-Heir With Dog, Receives His Share When Letter Dies.

(BY THE ASSOCIATED PRESS-P.M.)

HELEN (Mont.) April 28.—(Exclusive Dispatch.) A decision rendered by District Judge D. C. Clements today, D. C. Dealie, a city alderman, who was named as co-heir with a pet dog in the will of Mrs. Mary A. Pryse, who died last February.

The sole heir of the pet dog, and thereby inherits a valuable residence in this city. The dog died on February 8, shortly after the death of Mrs. Pryse.

HOUSERSACK RIDING. Reckless sailors at danger to life and limb dashed about the streets on horseback from daylight to dark.

"Hello there, Farnagut, hold on for your life." "Say, admiral, get off that cruiser or you'll get seasick."

Flies of the beach boulevard each evening is the only picturesque feature of the blue jackets' entertainment. They seem to enjoy it hugely, however, and when the available supply of cigarette ends is exhausted they dance with each other.

Every bicycle and loose horse in town was preempted today by the bluejackets and hundreds rode out to the old mission or explored the beautiful roads of the surrounding country.

Reckless sailors at danger to life and limb dashed about the streets on horseback from daylight to dark.

"Hello there, Farnagut, hold on for your life." "Say, admiral, get off that cruiser or you'll get seasick."

SAILORS TO GIVE FOUNTAIN ALSO TO FAVORITE CITY.

(BY DIRECT WIRE TO THE TIMES.)

SANTA BARBARA, April 28.—(Exclusive Dispatch.) Beside the loving cup which the men of the battleship Missouri desire to present to Los Angeles in recognition of the welcome extended to them there during fleet week, the men of the other battleships today subscribed \$500 and intend to raise \$1000 more by the time they reach San Francisco for the purpose of presenting to Los Angeles a fountain which commemorates the first, but as every man hopes, not the last visit the fleet will pay to that city.

The bluejackets and marines talk of nothing but the delights of their visit to Los Angeles. They say the city gave them such a round of entertainment as they never expect to receive again, and as one of the boys remarked tonight: "It was the saddest day of our lives when we steamed away from them beautiful shores."

When the sailors have completed their subscription lists and purchases, Los Angeles will be the only city in the United States able to boast a loving cup and a fountain presented by 14,000 sailors to the city as a whole.

HUNDRETH ANNIVERSARY. CATHOLICS HOLD BIG CELEBRATION.

CENTENNIAL OF ESTABLISHMENT OF NEW YORK DIOCESE.

Cardinal Gibbons, Cardinal Legus, Primate of Ireland, and Many Other Dignitaries of the Church Participated in the Irish-Congratulations from Pope.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, April 28.—(Exclusive Dispatch.) Ireland and her people were the guest of honor at the celebration of the one hundredth anniversary of the establishment of the Roman Catholic diocese of New York.

In his description of the growth of the diocese and the parts played by various men and nationalities in its history, he said the Irish had done more than the people of any other nation in America.

Other features of the celebration today were messages of congratulation from President Roosevelt and Pope Pius X. and the presence of leaders of the Catholic church of America, to Archbishop John M. Farley of New York.

Although the services did not begin until 10 o'clock, at 11 o'clock the huge St. Patrick's Cathedral was filled with 600 persons. Thousands stood outside.

BIG NAVY ASSURED.

President Satisfied With Bill.

Two Battleships a Year Is the Tentative Programme of Congress.

Both Sides Profess to Be Content With Present Arrangement.

Executive Says Result of the Fight Is Better Than He Expected.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, April 28.—(Exclusive Dispatch.) Both sides profess to be well content with the outcome of the struggle over battleships in the Senate.

President Roosevelt said today the result was a good deal better than he had at one time hoped for, and now that two ships had been provided for, with an understanding that two are to be added each year hereafter, he was satisfied the fighting strength of the navy would not deteriorate.

That was the principal thing in view, after all. It does not matter so much about the two extra ships right away as long as the rebuilding of the navy is to go on at a steady rate.

President Roosevelt earned a few tricks in dealing with a Senate as to naval affairs. He knows that the way to get somewhere near what he really wants is to ask for a good deal more than he expects. This time he did want four more battleships, but he is not very much disappointed because he did not get them.

Other features of the celebration today were messages of congratulation from President Roosevelt and Pope Pius X. and the presence of leaders of the Catholic church of America, to Archbishop John M. Farley of New York.

SIXTIETH CONGRESS.

CHEERS FOR THE MESSAGE.

President's Reference to Rich Men's Son Applauded.

Says Millionaire's Son Is Fool and Daughter a Princess.

Congressmen Talk on Widely Varying Topics.

(BY THE ASSOCIATED PRESS.—A.M.)

WASHINGTON, April 28.—(Exclusive Dispatch.) The House devoted most of its time today to speeches covering a wide range of subjects, and concluded the session by giving an attentive hearing to the President's special message. Although nearly every member had read the message in the newspapers, a large number remained in their seats, carefully following the words of the reading clerk. When the portion of the message referring to the multi-millionaire "whose son is a fool, and his daughter a foreign princess," was reached there was a storm of applause equally prominent on both sides of the House.

Mr. Lake of New Jersey gave some caustic remarks on the President, evoking applause on the Democratic side.

Summary laws and especially the shutting out from army posts of the cantons were the subjects of remarks by Mr. Goebel of Ohio.

Predicting that "Roosevelt policies" would prevail at the next national convention, Mr. Madison of Kansas paid a glowing tribute to the President, declaring that his forestry achievements alone had realized "the dreams of the age."

The great advantage the country would reap from the manufacture of all its cotton instead of sending two-thirds of that product abroad, was the subject of a stirring speech by Mr. Byrd of Mississippi. By abandoning protective tariff principles, Mr. Byrd believed the result would be achieved. Need for further educational restriction in immigration was discussed by Mr. Burnett of Alabama, who deprecated the conditions of immigrants from Southern Italy.

Mr. Allen of South Carolina advocated the passage of his bill to limit the jurisdiction of Federal control over interstate commerce to permit States to control the liquor traffic within their borders.

Representative Keifer of Ohio discussed pension legislation and directed caustic criticism toward bills introduced by his colleagues, Sen. Sherwood.

Later, Mr. Ansherry of Ohio, in a brief speech defended pension measures presented by Gen. Sherwood and expressed regret that two veterans of the war should be at odds over pension legislation.

Other speeches were made by Representatives Hitchcock of Nebraska, Yule of New York and Hamilton of Missouri.

SENATE PASSES PENSION BILL.

Upper House of Congress Makes Appropriations for Old Soldiers and District of Columbia.

(BY THE ASSOCIATED PRESS.—P.M.) WASHINGTON, April 28.—The pension and District of Columbia appropriation bills were passed by the Senate today.

In addition the special message of the President, urging a legislative program, was read and another chapter of Senator Warner's speech on the Brownsville affair was heard.

Several measures of minor importance and the resolution of the House to give government aid to tornado sufferers in the South were passed.

The resolution to extend the time when the commodity clause of the railroad rate law shall become operative was called before the Senate by Mr. Edison, but went over under objection from Mr. Cullerton.

WORK FOR VREELAND BILL.

Effort to Be Made to Get Committee to Bring It Before House for Discussion.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, April 28.—(Exclusive Dispatch.) The House Committee on Banking and Currency without a fight is scheduled to be made tomorrow, when representatives of the House and the Senate will be divided between his two children—his son, John W. Daly, also a railroad contractor, and a daughter who is the wife of Senator Henry M. Willis of Redlands, Cal.

Under the terms of the will, which have been made known, Mrs. Willis in her husband left San Francisco today for New York. Daly is already on his way here.

AFTER BOOK-BINDING.

Unites to Demand That They Get Work of New York and Other Public Libraries.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, April 28.—(Exclusive Dispatch.) The property of the millionaires railroad contractor, James Daly, who died on Sunday at his home in Mount Kisco, where he kept a large number of books for his children, will be divided between his two children—his son, John W. Daly, also a railroad contractor, and a daughter who is the wife of Senator Henry M. Willis of Redlands, Cal.

The same demand is to be made with regard to the public libraries in all other cities.

According to the local officers of the Brotherhood the binding for the public library is done by an English concern. The greater part of the work, they say, is done in England, but the English firm also has a branch in this city, where they may it employs non-union book binders.

SHOOTS GIRL WIFE.

Young Husband Probably Fatally Injures Better Half While Wheeling Baby on Street.

(BY THE ASSOCIATED PRESS.—P.M.) TACOMA (Wash.), April 28.—George E. Klontze, a former resident of Salt Lake City, aged 32, shot and probably fatally wounded his girl wife while the two were wheeling their eight-month-old baby along the street this afternoon, and then turning the weapon upon himself, placed the muzzle of the revolver in his mouth and fired.

The shooting followed a violent quarrel about two hours before. The woman is only 17 years old, and since the couple's marriage about a year ago, quarrels have been numerous, and Klontze has been fined heavily for assaulting her.

The would-be murderer talked freely of his crime, blaming it to his wife's relatives. The wife and husband are both in St. Joseph's Hospital. Mrs. Klontze has slim chances of recovery. Klontze is guarded by an officer from police headquarters.

SALES FOR EUROPE.

Mrs. Corey, Formerly Mabel Gilman, to Build Theater for Producing Operas by Unknowns.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 28.—(Exclusive Dispatch.) Mrs. William E. Corey, formerly Mabel Gilman, the actress, called today for Paris on the Deutschland to study opera under Jean de Reszke.

Mrs. Corey announced that she is to build a theater in her home here, and to utilize it for the production of the operatic works by American composers who have no opportunities of obtaining a hearing from managers. She

has no idea of returning to the professional stage.

Mr. Corey accompanied her to Paris. "I am happy in the thought of resuming my studies with Jean de Reszke," said Mrs. Corey. "I expect to be at work within a few days of my arrival. No time will be wasted on details. I have several roles entirely by heart, and I expect to appear in grand opera this season."

"I have no desire to appear in public at all, but I must have the work. I could not live without the hard work and study, and now I know the joy of working for the love of the art itself."

MAKING GOOD.

ONE MILLION ADDED TO FUND.

J. DALZELL BROWN GIVES VALUABLE INFORMATION.

Tells Receiver of Defunct California Safe Deposit and Trust Company Where Large Block of Stock of Par Value of \$1,000,000 May Be Found.

(BY THE ASSOCIATED PRESS.—P.M.) SAN FRANCISCO, April 28.—J. Dalzell Brown, vice-president and manager of the California Safe Deposit and Trust Company, who is under sentence of eighteen months in San Quentin for embezzling securities held in trust, today gave information to E. J. Le Breton, receiver of the bank, which will add \$1,000,000 to the fund for the depositors.

He also told facts to the receiver and to Asst. Dist. Atty. William Hoff Cook which had the effect of causing Le Breton to decide to keep the El Dorado Lumber Company, the Carnegie Brick Works and the glass works at Stockton going at a profit for the benefit of the depositors.

That Brown's relating the whereabouts of securities which will give a million more to the depositors is believed to be correct, was vouched for by Cook and by Hiram Johnson, attorney for Brown. They expressed themselves as sanguine that the receiver would secure possession of the property, which is Western Pacific stock of the estimated value of \$1,000,000 at par, and which in another year or eighteen months will have a definite market value.

Brown also gave up the cipher code book used by himself, Walter J. Barnett and John and James Treadwell. This code was secret and original, each of its owners having a copy, and the code contained the key to letters which had been in possession of Brown, to whom they were written by Barnett and the Treadwells. The letters are now in the safe of the District Attorney's office.

RICHEST STRIKE YET.

One Running Two Dollars to Pound Reported Uncovered Near Globe, Ariz.

(BY DIRECT WIRE TO THE TIMES.) GLOBE (Ariz.), April 28.—(Exclusive Dispatch.) What is being called the richest strike ever made in Arizona was found on the Clark lease of the Globe and Globeville group of claims yesterday.

As soon as it became known, men rushed to the new fields, staking out claims for miles around.

The discovery was made in a ten-foot shaft, but the vein is readily traceable on the surface. An assay places the ore values at \$2 per pound, and it is said that the mine now contains more than 500 pounds of ore that will mill better than \$250 a pound.

The ore is exactly the same as that taken from the famous Smelter mine at Telluride, Colo.

Jack Newman, a local veteran mining man and capitalist, looked the property over today, and made an offer of \$250,000 for a half interest in the lease.

DALY WILL MAKE PUBLIC.

His Daughter, Mrs. Henry M. Willis of Redlands Is Given One Million Dollars.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 28.—(Exclusive Dispatch.) The property of the millionaires railroad contractor, James Daly, who died on Sunday at his home in Mount Kisco, where he kept a large number of books for his children, will be divided between his two children—his son, John W. Daly, also a railroad contractor, and a daughter who is the wife of Senator Henry M. Willis of Redlands, Cal.

Under the terms of the will, which have been made known, Mrs. Willis in her husband left San Francisco today for New York. Daly is already on his way here.

AFTER BOOK-BINDING.

Unites to Demand That They Get Work of New York and Other Public Libraries.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, April 28.—(Exclusive Dispatch.) The property of the millionaires railroad contractor, James Daly, who died on Sunday at his home in Mount Kisco, where he kept a large number of books for his children, will be divided between his two children—his son, John W. Daly, also a railroad contractor, and a daughter who is the wife of Senator Henry M. Willis of Redlands, Cal.

The same demand is to be made with regard to the public libraries in all other cities.

According to the local officers of the Brotherhood the binding for the public library is done by an English concern. The greater part of the work, they say, is done in England, but the English firm also has a branch in this city, where they may it employs non-union book binders.

SHOOTS GIRL WIFE.

Young Husband Probably Fatally Injures Better Half While Wheeling Baby on Street.

(BY THE ASSOCIATED PRESS.—P.M.) TACOMA (Wash.), April 28.—George E. Klontze, a former resident of Salt Lake City, aged 32, shot and probably fatally wounded his girl wife while the two were wheeling their eight-month-old baby along the street this afternoon, and then turning the weapon upon himself, placed the muzzle of the revolver in his mouth and fired.

The shooting followed a violent quarrel about two hours before. The woman is only 17 years old, and since the couple's marriage about a year ago, quarrels have been numerous, and Klontze has been fined heavily for assaulting her.

The would-be murderer talked freely of his crime, blaming it to his wife's relatives. The wife and husband are both in St. Joseph's Hospital. Mrs. Klontze has slim chances of recovery. Klontze is guarded by an officer from police headquarters.

SALES FOR EUROPE.

Mrs. Corey, Formerly Mabel Gilman, to Build Theater for Producing Operas by Unknowns.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, April 28.—(Exclusive Dispatch.) Mrs. William E. Corey, formerly Mabel Gilman, the actress, called today for Paris on the Deutschland to study opera under Jean de Reszke.

Mrs. Corey announced that she is to build a theater in her home here, and to utilize it for the production of the operatic works by American composers who have no opportunities of obtaining a hearing from managers. She

has no idea of returning to the professional stage.

Mr. Corey accompanied her to Paris. "I am happy in the thought of resuming my studies with Jean de Reszke," said Mrs. Corey. "I expect to be at work within a few days of my arrival. No time will be wasted on details. I have several roles entirely by heart, and I expect to appear in grand opera this season."

"I have no desire to appear in public at all, but I must have the work. I could not live without the hard work and study, and now I know the joy of working for the love of the art itself."

MAKING GOOD.

ONE MILLION ADDED TO FUND.

J. DALZELL BROWN GIVES VALUABLE INFORMATION.

Tells Receiver of Defunct California Safe Deposit and Trust Company Where Large Block of Stock of Par Value of \$1,000,000 May Be Found.

(BY THE ASSOCIATED PRESS.—P.M.) SAN FRANCISCO, April 28.—J. Dalzell Brown, vice-president and manager of the California Safe Deposit and Trust Company, who is under sentence of eighteen months in San Quentin for embezzling securities held in trust, today gave information to E. J. Le Breton, receiver of the bank, which will add \$1,000,000 to the fund for the depositors.

He also told facts to the receiver and to Asst. Dist. Atty. William Hoff Cook which had the effect of causing Le Breton to decide to keep the El Dorado Lumber Company, the Carnegie Brick Works and the glass works at Stockton going at a profit for the benefit of the depositors.

That Brown's relating the whereabouts of securities which will give a million more to the depositors is believed to be correct, was vouched for by Cook and by Hiram Johnson, attorney for Brown. They expressed themselves as sanguine that the receiver would secure possession of the property, which is Western Pacific stock of the estimated value of \$1,000,000 at par, and which in another year or eighteen months will have a definite market value.

Brown also gave up the cipher code book used by himself, Walter J. Barnett and John and James Treadwell. This code was secret and original, each of its owners having a copy, and the code contained the key to letters which had been in possession of Brown, to whom they were written by Barnett and the Treadwells. The letters are now in the safe of the District Attorney's office.

WASHINGTON.

FIGHTING FOR MORE FUNDS.

California Congressmen Have Work to Do.

Sundry Civil Bill Lacks Important Sums.

Senators Particularly Active for Improvements.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, April 28.—(Exclusive Dispatch.) The California Senators and Representatives have considerable work to do out for them in the way of securing amendments to the Sundry Civil Bill.

When it was reported to the House, number of items in which they were interested were referred to the bill.

The appropriation for the Yosemite was cut from \$240,000 to \$20,000. Every effort will be made to have the original amount restored to the bill.

Needham wants a continuance of the investigation of water sources of the United States, for which he will ask \$15,000.

The Senators are offering amendments preparatory to having them considered by the committee when the bill arrives there. Perkins wants \$20,000 for a light and fog signal at Punta Gorda, \$100,000 for enlarging the lighthouse depot at Yerba Buena, \$10,000 for fog and light station at San Juan, and \$25,000 for a tower for the lighthouse, inspector of the Twelfth Lighthouse District.

Senator Flint will ask for an appropriation of \$100,000 to provide for a launch for the customs district at Los Angeles and will also take up other items which the House fails to place there in the bill.

NEW CUSTOMS POINT.

REDONDO MADE RENTRY SUB-PORT.

SENATOR FLINT SECURES ORDER FOR CALIFORNIA HARBOR.

Inspector Makes Favorable Report and Deputy Collector of Customs Will Be Stationed at Local Coast Town to Facilitate Movement of Ships and Carcasses.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, April 28.—(Exclusive Dispatch.) Upon the request of Senator Flint, the Secretary of the Treasury appointed an inspector to investigate the advisability of making Redondo, Cal., a sub-port of entry as requested by a number of the citizens of that place.

This inspector has made a favorable report and the Secretary of the Treasury has issued an order making Redondo a sub-port of entry in the customs collection district of Los Angeles.

The order specifies that this port shall also be made an immediate transportation point of entry, under the immediate transportation act of June 16, 1900. This act provides, in substance, that merchandise and all other imports not in bulk consigned to certain interior points, shall be immediately transported in bond to destination.

The collector of customs at Los Angeles has been instructed to station a deputy collector of customs at Redondo, with authority to examine all clear vessels, receive duties, fees and other moneys and to perform such other duties as may be required of commerce and the revenues may require.

WASHINGTON BRIEFS.

Murray Takes Official Oath. WASHINGTON, April 28.—Lawrence O. Murray, former Assistant Secretary of the Department of Commerce and Labor, today took the oath of office as Comptroller of the Currency. Mr. Murray is a native of New York and was recently elected president of the National Bank of Commerce of Kansas City.

Order Gold Bars Sold for Gold. WASHINGTON, April 28.—The Senate Committee on Finance today ordered favorably reported a bill authorizing the Superintendent of the Mint to sell gold bars for gold.

Sheep Navies to Coast Trip. WASHINGTON, April 28.—It is said at the Japanese Embassy that, because of the summer of business, the Japanese government is sending a fleet of sheep to the coast for the purpose of the arrival and review of the fleet there.

District Bill Passes Senate. WASHINGTON, April 28.—The District of Columbia appropriation bill, carrying \$11,500,000, was passed by the Senate today.

Seattle Gets Assistant Treasurer. WASHINGTON, April 28.—The Senate today passed a bill providing for the appointment of an additional Assistant Treasurer of the United States, to be located at Seattle, Wash.

OBITUARY.

Rabbi Jacob Voorsanger. MONTEREY, April 28.—Rabbi Jacob Voorsanger of San Francisco died of heart disease at the Hotel Del Monte today. He was 72 years of age and had been in poor health for some time. He was a native of Germany and had been in the United States for many years.

Seattle Chamber of Commerce Resolves We Need at Least That Number on This Coast.

(BY THE ASSOCIATED PRESS.—P.M.) SEATTLE (Wash.), April 28.—With but one dissenting voice, the Seattle Chamber of Commerce today passed resolutions which favor the retention on this Coast of not less than twelve battleships.

The movement for demanding a battleship fleet to protect the possessions and commerce of the United States in the Pacific is being supported by all Coast Commercial bodies. The government is urged to give this Coast the same privilege it gives the Atlantic, with only Porto Rico to protect.

The member who voted against the resolution, asked: "Why should the United States keep an offensive force on the Pacific, when it would be just as well to maintain our defense?"

For the same reason the United States has kept its offensive force on the Atlantic, that being the only guar-

antee of our safety.

At intervals today the fleet was entirely lost to view in fog banks which blew in from the southward. All morning long the fog bells on the sixteen ships were kept going and the fleet was not sighted until the afternoon. The sun shone for several hours through the mist, but the fog returned and the fleet was lost again.

Early this morning Admiral Thomas and nine of his officers were the guests at dinner of Miss Antonia Marin, who is a cousin of Lieut. Balknap. Nine young ladies were also the guests of the admiral and it was an exceedingly jolly party, from which Admiral Thomas only broke away to attend the coronation ball at the Country Club at Montecito.

THE CITY IN BRIEF

The moving days are here!

NEWS AND BUSINESS.

The Blind Vocalists.—Mr. and Mrs. William Baker, the blind vocalists, will sing tonight at the Union Rescue Mission, No. 14 North Main street, and those who wish to enjoy an unusual treat will have to go early to get seats.

Miss Ruby Casselman.—Found guilty of forgery last Saturday, spent part of yesterday in led at the County Jail as a result of the strain she has been under, but in the afternoon she was able to receive Mr. and Mrs. H. M. Martin and Mrs. Virginia Davis.

Appeals for Fees.—Silvestro Martini, an Occidente cannibal, presented his appeal in the Second District Court of Appeals yesterday, from the judgment of the Superior Court of San Diego county, dismissing his claim for fees for the arrest of hobos taken from Santa Fe train passing through Occidente. The case was submitted.

Return to Duty.—Postmaster Flint will continue his personal efforts to provide transportation for all sailors who wish to join the fleet. He has guaranteed the fare of nearly fifty so far and hopes to see them all return to duty respectively.

Funeral of Minister.—The funeral services over the remains of the late Rev. Edward W. Mealy will be held this morning at 10:30 o'clock at St. Matthew's chapel, Washington street, and Normandie avenue. Requiem mass will be sung at which the Rev. R. H. Gushon, rector of Christ Church, Ontario, will be officiating. Interment will be at Ontario, the Rev. R. H. Gushon officiating.

Presbyterian Women.—An all-day meeting in the First Presbyterian church, yesterday, Mrs. R. D. Lee, of the Los Angeles branch of the work of Dr. Campbell in Alaska. Dr. Katharine Myers, formerly field secretary of the Presbyterian Board of Foreign Missions, and well known in Los Angeles, delivered an address under the title of "Building a Mission Camp." It dealt with her work in Alaska.

First Time on Coast.—The convention of the American National Live Stock Association will be held here January 28 next and not January 19 as originally fixed. The Western Stock show will be held in December, January 17 and 18 at the convention here has been changed to allow its members to come to this city and take part in the proceedings. This will be the first time the American National Live Stock Association has met on the Pacific Coast.

Pension Increase.—Under the act of the 19th inst., the rate of pension to all widows, minors and helpless children now receiving a less sum will be raised to \$12 a month, the increase taking effect from the date mentioned. No application is required to obtain the increase, but it will be paid by the United States pension agent at the regular time upon receipt of the properly executed vouchers. The present pension certificates should be retained until its return is requested by the pension agent.

Stay of Execution.—Judge Wellborn granted a stay of execution in the case of C. J. Sailing against the National Cash Register Company in the Circuit Court yesterday. A motion for a new trial was taken under advisement. Sailing received a verdict of \$6000 in his libel suit, several months ago, and his attorneys attached the local office of the defendant to satisfy judgment. The firm of Lawler, Allen, Van Dyke and Jettison, acting for the cash register concern, put up a bond and secured a stay of execution.

To Dedicate McKinley Hospital.—The Women's Auxiliary of the McKinley Home met yesterday afternoon at the residence of the president, Mrs. O. Alexander Bobrick, on Huntington avenue, to receive the dedication of the new hospital for the sick boys of the institution, which will be dedicated to the founder, Ulysses Grant. The ceremony will be held next month, and friends will be bidden to a tea and social affair, Mrs. Yarger has been appointed chairman of the Programme Committee.

Cups for the Fleet.—As chairman of the Committee on Entertainment of the enlisted men, Postmaster M. H. Flint yesterday shipped three beautiful loving cups to the sailors on the Alabama, New Jersey and Kentucky to commemorate the splendid showing the champions made at Chutes Park. On each is the inscription "This trophy is presented by the citizens of Los Angeles, athletic championship contest, April 1936." The name of the battleship is engraved on each cup. Flint sent personal letters to Admiral Thomas and the commanders of the three vessels advising them of the shipment by express.

Stanton Post, No. 55, G.A.R.—Comrades of Stanton Post, Stanton Relief Corps and members of all fraternal auxiliaries, are requested to attend the funeral of Charles W. Carr, from the residence, No. 122 Hawthorne street, tomorrow (Wednesday), April 29, at 2 o'clock p.m. CHAS. W. CARR, Commander.

Connell Company, Funeral Directors.—502 S. Grand ave. Telephone 863, 7912.

A SATIN skin secured using Satin skin cream and Satin skin face powder.

SAVING GATE LODGE, No. 29, F. & A. M.—will confer the third degree this (Wednesday) evening, 8 o'clock.

Vernice for Constitution, 50c.

BREVITIES.

\$2.50 to \$5 eyeglasses and spectacles at only \$1.50. We will save you 30 to 50 per cent. on optical goods. Scientific examination; satisfaction guaranteed; consultation free. Clark's Optical Parlor, 231 South Spring street, opposite Hoffman building. New location after May 1st, 291 South Broadway, near Second st.

Shakespeare's birthday. Annual celebration by students of the Robinson School of Expression on Thursday evening 29th inst., when scenes from seven of his plays will be given in costume at Robinson Auditorium, 1944 S. Hope st., 25 cents.

Leather Store, 715 S. Broadway. Ladies' hand bags and belts made to order. Repairing of all kinds. Leather for sale. A complete line of men's and ladies' belts, purses, music rolls, "il-lows and art novelties."

There are undelivered telegrams at the office of the Postal Telegraph Company for Mrs. W. R. McFarland, W. R. McFarland, John Sullivan, Mrs. Winnie Watson, G. W. Green.

The American Power Co. can produce electricity without fuel, furnishing to consumers for less than half the present cost. Come and see how.

Stop at United States Hotel. Remodeled and newly furnished; finest rooms at most reasonable rates. Try new Milano restaurant; excellent service, in hotel building.

Do not fail to see the Starr Wave Motor Plant at Redondo. It is worth seeing. The only contrived success. Furs, silk auto and rain coats at D. Bonoff, furrier, 234 S. Broadway, Pentel Hall, 227 S. Main st., Gospel meetings, noon and night, daily. Idylwild Bungalow open June 15.

TWO FAMILIES WIPE OUT.—Fifteen More Deaths Reported as Result of Last Thursday's Tornado (in Arkansas).

REY THE ASSOCIATED PRESS.—HOT SPRINGS (ARK.) April 28.—Fifteen more deaths were added to the list of the victims of Thursday's tornado by news which reached here today. Four of the victims were white and the remainder negroes.

Millions of feet of hard and soft timber lying in the path of the tornado were destroyed. An old white named Yalvestator, and two women who lived at his home, were killed outright.

At Peak Post, twenty miles west of here, an aged white man named Fure was killed. At Ashley, two negro boys composed of five members were killed.

There is great suffering from lack of food and shelter.

BIRTHS.—TANNER, April 28, to the wife of Norman Tanner, No. 14 Kane avenue, Ocean Park, a daughter.

Deaths.—MEANY, Mrs. Mary, 84, died at her home, 4000 S. Main st., at 10:30 a.m. on April 28, after a long illness. Burial at St. Matthew's church, Washington street, and Normandie avenue, Wednesday, April 29, at 10:30 a.m.

BURIALS.—BURIALS, April 28, at 10:30 a.m. at St. Matthew's church, Washington street, and Normandie avenue, Wednesday, April 29, at 10:30 a.m.

Funeral of Minister.—The funeral services over the remains of the late Rev. Edward W. Mealy will be held this morning at 10:30 o'clock at St. Matthew's chapel, Washington street, and Normandie avenue. Requiem mass will be sung at which the Rev. R. H. Gushon, rector of Christ Church, Ontario, will be officiating. Interment will be at Ontario, the Rev. R. H. Gushon officiating.

Today's prices—\$6.50, \$7.50, \$8.50, \$10.00 and \$12.50.

Third Floor.

27 Sohmer Pianos

Used
In New York's
Forty-Three
Theatres

The Music Trades, the influential
music paper published in
New York, recently compiled a
list of pianos in use at the New
York Theatres. Here is the in-
formation supplied by the press
agents of the various theatres:
There are forty-three theatres
in all.

Two of these use no music,
either before the performance
or between the acts.

Fourteen theatres use pianos
of various makes—eight dif-
ferent manufacturers being rep-
resented.
In the remaining twenty-seven
theatres the Sohmer piano is
used exclusively.
Such a tribute as this, coming
from so enlightened a class as
theater managers, is conclusive
proof that the Sohmer Piano is
one of exceptional musical mer-
its. You will make no mistake
in buying a Sohmer. Prices \$450
to \$1200. Grands and uprights.

Los Angeles Daily Times

WEDNESDAY MORNING, APRIL 29, 1908.

California del Sur.

CITY AND COUNTRY.

Trains and Streets,
On All News Stands, 15 CENTS

RECORD SMASHED IN WASH FROM BAY CITY.

Nelson Pilots White Steamer to Los
Angeles in Seventeen Hours and
Seventeen Minutes, Despite Delays.
Return Trip Begun.

Time of the San Francisco to Los Angeles run made yes- terday by Fernando Nelson was:	Time
San Francisco	5:30
San Jose	5:45
San Juan	6:00
San Luis Obispo	6:15
San Pedro	6:30
San Bernardino	6:45
Los Angeles	7:00

It was at 10:08 o'clock that Adair
opened the throttle, turned the White's
head to the north.
Several years ago Fernando Nelson
donated a beautiful cup as a trophy
for the inter-city record, and on it has
been inscribed the date and time of
all touring car records from the first
recognized trial in 1904. Mr. Nelson's
name will now appear on the cup for
the second time.

There was only a brief stop in Los
Angeles and the White then left for
the return trip to San Francisco.
Frank F. Nelson took his father's
place and an effort will be made to
set a round-trip record. George Adair
drove the White to Santa Barbara,
where he will be relieved this morning
by Pien Piepenberg, who will drive to
San Luis Obispo. Simmon will take
the wheel there and will be relieved
by Wagner at Soledad.
Over roads that are good, bad and
indifferent the steamer shot on its way
to this city, flying over the smooth
highways, picking its way carefully
over the chert holes, shugging swift-
ly up the long grades, and finally
reaching The Times office almost an
hour to the good.

From San Francisco to Gilroy, the
run was over a boulevard which
permitted of the highest speed. The
machine was run wide open over miles
of the way until King City was
reached, where precious time was lost
because it was necessary to turn out
of the road for a succession of heavy
trains. Twenty minutes wasted while
the machine labored along in a ditch
beside the highway were never made
up, and once it was necessary to stop
and load a scarce horse past the mo-
tor.

Will Wagner drove the first 122 miles
to Soledad, where William Simmon
took the wheel and steered the ma-
chine over the splendid highway to
San Luis Obispo. There Al Piepenberg
took the car and sent it away to
Santa Barbara, where H. D. Ryan as-
sumed command and brought the trim
racer to The Times office.

RACE IS BEGUN.
The White started from Market and
Guerrero streets, San Francisco, at
5:32 o'clock, yesterday morning and
drove out over the Mission road toward
Palo Alto, making splendid time. On
one of the fastest schedules ever laid
out for the long road run, Nelson kept
his car up to concert pitch, intending
to break records by two hours, if pos-
sible. He watched every movement
of each driver, listened to the music
of the machinery, and in the order
like an admiral in command.
The wonderful car did all that was ex-
pected of it and had not then for
obstacles along the way these he
doubt that the record would have cut
almost a dozen hours.
The motor did its duty every sec-
ond of the 17 hours and 17 minutes.
There was no anxiety on the part of
his pilot for his machine, for he felt
sure it would stand the tremendous
strain of the race.

BREATHES EASIER.
Daylight came, white the machine
was on the Soledad road, and Nelson
breathed easier. Victory seemed more
certain. The car went faster as it ap-
proached and the driver, just out of
the city where Admiral Evans is re-
siding his health.

Down over the Cuesta grade into
San Luis Obispo the big car dropped,
keeping up the pace. A change of
drivers from San Luis Obispo and the run
was on again. Both car and man were
doing splendidly.
Through Arroyo Grande there was
much sand and the going was some-
what slow. Then the car shot away
from Santa Maria at better speed.
Crows greeted the runner, each
town through which it passed and
gave the crew a good send-off.
Santa Barbara was reached well
within the record and Ryan jumped
into the seat and turned the hood of
the machine toward Los Angeles. Just
out of the Channel City, teams again
delayed the racers and precious time
was wasted. Another delay was
made at the ford near Ventura, where Ryan
mistook the ford and it was necessary
to turn back and start over. The
machine was somewhat made up on the latter
part of the run into this city.

At The Times office last night, Nelson
told of the rapid trip from the
Bay City. He is one of the most in-
teresting men in the automobile world.
He seems to love racing for the sake
of sport he gets out of it. He is not an
agent for any auto concern.
The old Columbia which made the
record run in 1906 in 18h 12m is still
in use. It was against this time that
Nelson sent his White car yesterday.
He seemed to enjoy immensely the
fact that he had beaten the record of
the machine, which is now owned by
his son, Frank.

An enthusiastic welcome awaited the
racer in this city last night. He is
a well known automobile racer, and
his car was surrounded by friends,
who greeted him most cordially. The
time of arrival was exactly 19 minutes
after 8 o'clock. From the Times office
the steamer was driven to the White
garage, where supplies were taken
aboard for the return journey.
On his run down the coast, Nelson
used a siren whistle, which he found
useful on the grades, for it could be
heard a quarter of a mile away, and
drivers of teams were always willing

Fernando Nelson Arriving at The Times Building.
Flashlight photograph of the San Francisco-Los Angeles record breakers at the end of their extraordinary run.
Above are the four drivers of the White steamer in the various stages of its journey.

LAW'S DELAYS HELP HIM.

Detestives Think Alleged Absconder
Secures Them by "Bugging".

Mexican Officials.

K. C. Heath, a local business man
who returned yesterday from a three
months' trip through Lower California,
thinks William F. Walker, former
manager of the Savings Bank of New
Britain, Ct., who is held at Ensenada
awaiting extradition, will not be re-
turned to the United States for several
months.
He talked with the Sheriff and Pin-
kerton men, who told him they had
been there since February 7, and ap-
parently were no nearer getting au-
thorization from the Mexican govern-
ment to bring the prisoner back than
they were nearly three months ago.
Their orders are to stay with their
prisoner (if they can extradite him,
if it takes ten years.

Walker has gained greatly in weight
and spirits. He has little to say about
himself but the officers are convinced
he has financial resources of which
they are not informed, and is using
them to sugar certain Mexican officials
and thereby delay his extradition.

Although Lower California has a
territorial government, the Governor
has no power to extradite a prisoner.
The papers must be made out in the
City of Mexico and the process of un-
winding the red tape between Ensen-
ada and the distant capital is tedious.
Heath thinks the before Walker is
returned to New Britain, the bonding
company will have spent more money
than the amount of the alleged de-
falcations. He spoke interestingly of
the country.

"A six-month journey on horse and
mule back through this terra incogni-
ta is an experience few Americans
have had, and fewer still would relish,"
said he. "Although there are innum-
erable things to interest at first, the
monotony soon becomes almost un-
bearable. The lack of water is the
curse of the country. I penetrated as
far south as the twenty-seventh paral-
lel of latitude, stayed over a month
on a mining property near Calmali
and learned to my amazement that in
this section there had been no rain
for over three years.

"The soil of the interior valley plains
is susceptible of the highest cultiva-
tion and is remarkably versatile, but
it is an open question whether the wa-
ter necessary for irrigation can be ob-
tained. It is the belief of the more
enthusiastic of Lower California's ad-
mirers that artesian water is from 50
to 500 feet beneath the surface, but I
am inclined to doubt this."

NIGHTSHIRTS ON PARADE.

Occidental Students Enjoy Themselves
at Highland Park and Keep Pro-

fessors Out of Bed.

Occidental students held their an-
nual nightshirt parade last night.
One hundred and fifty men partici-
pated in the parade, which began
about midnight and continued until 2 o'clock this
morning, when the white-robed com-
pany disbanded. The students gath-
ered at the foot of College Hill at 8:30
o'clock and initiated about thirty new
men. Then a procession was formed,
and there was a march around the
park and calls for "hand-outs" at the
homes of the members of the faculty.
The candidates who did not appear
for initiation last night will be de-

ROMANCE IN BOX OFFICE.

Interesting Story of Angeleno's Novel
Wedding at San Francisco Theater.
Now at Avalon.

Louis E. Stanfield, a clerk in the
Banning Company's office in the Pa-
cific Electric building, returned to this
city yesterday with a blushing bride,
formerly Miss Blanche Jarvis of Kan-
sas City. They were married in the
box office of the Princess Theater in
San Francisco. Why is not disclosed.
The couple are now enjoying their
honeymoon at Avalon.

It was about 10 o'clock in the eve-
ning when Stanfield and the young
woman appeared before the ticket
chopser at the Princess and asked
that Justice of the Peace Golden be
called out. The request was ignored
until the prospective bridegroom ex-
plained why he wanted the justice.
Golden took his clients into the box
office, that they might escape the
stares of the crowd that had collected,
and performed the ceremony, while
the orchestra in the theater was play-
ing "The Golden Highway."

WIDOW'S QUEST FOR CASH.

Doesn't Understand What Has Become
of Large Sum She Says She De-

posited in Bank.

Mrs. Ella Wilson, who is 50 years
old and the widow of a pioneer of Los
Angeles, is on quest for \$42000, which,
she says, one of the savings banks has
held back from her.

After telling her story to many other
people in the city, she took her trou-
bles yesterday morning to the Mayor,
who knew her husband in the old
days.

Mrs. Wilson says that before she
went to Europe, two years ago, she
deposited the sum named in the bank
and that upon her return she went
for the money and was told by the
officials that the institution had no
funds in her name.

At the bank it was stated that Mrs.
Wilson formerly had an account there,
but had closed it long ago. It was
further stated that she never had had
any large amount on deposit, although
she is the owner of considerable prop-
erty in the city.
Her relatives have investigated the
matter and are satisfied that she has
not been robbed, it is said.

BLOOD FLOWS.

DEPUTY BITTEN
BY BULLDOGS.

ASSASSIN'S ASSISTANT VICTIM
OF SAVAGE ATTACK.

With Teeth of Animals Tearing His
Flesh, He Drove Himself into House
and Squeezed Brutes With Kitchen
Door—Wounds Cauterized and no
Serious Results May Ensnue.

While engaged in his official duties,
yesterday afternoon, Deputy City As-
sessor F. E. Sedgwick was attacked
by two vicious bulldogs at the resi-
dence of Henry Lowenthal at Ninth
and Decatur streets. He was severely
bitten and is now under a physician's
care.

There trouble occurred shortly after 4
o'clock. Sedgwick went to the Low-
enthal home to make some inquiries
concerning the declaration of taxable
property which had been made at the
office of the assessor. A colored ser-
vant was washing the front walks and
asked the deputy to use the side en-
trance, which he did.

Hardly had Sedgwick stepped with-
in the gate when two large white
bulldogs sprang upon him. He en-
deavored to fight them off, but they
seized him by the legs and refused to
let go. One of the housemaids came
to his assistance, but she could do
nothing, and with the teeth of the feroc-
ious beasts he was dragged himself into
the house.

Even then, the dogs retained their
hold, and their victim only got rid of
them by shutting the kitchen door on
them and squeezing them until they
were forced to gasp for breath.

As soon as he escaped from the dogs
Sedgwick telephoned for a physician,
who responded at once and cauterized
the wounds.
The deputy is suffering not only from
the bite, but also from severe shock,
and will be confined to his home for
several days. The doctor hopes that no
serious results will ensue.
Sedgwick declined to say last night
what action he will take against the
owner of the dogs. He says that there

PARTLY TO BLAME.

Jury Finds Owner of Automobile
Which Killed Haas Did Not Take

Proper Precautions.

Probably no warrant will be issued
in the case of Harry Brischer, whose
automobile killed John Haas of No.
146 West Thirty-sixth street, Sunday,
at Thirtieth and Adams streets.
A coroner's jury yesterday found
that Brischer had not willfully run
down Haas, but that the evidence
showed he did not use as much precau-
tion as he might to avoid the accident.
Haas was proprietor of a grocery
store, but spent part of his time car-
rying telegrams. He was delivering a
message telling of the death of a
man, when he was killed.

Funeral services will be held at the
Free Brok chapel today, and the in-
terment in Evergreen Cemetery.

IN HORROR OF THE GRAVE.

Trained Nurse, Burned to Death, Be-
queaths Body to Medical College
to Escape Burial.

In horror of the grave, Mrs. M. E.
Brainard, who died Sunday night from
the effects of a gasoline explosion and
who had neither relatives nor friends,
left a note asking that her body be
dissected in a medical college and the
skeleton placed in some nurse's train-
ing school. The document was pre-
sented yesterday at the coroner's in-
quest by Dr. Rebecca Lee Dorsey, to
whom the body will probably be given.

While Mrs. Brainard was danger-
ously ill, a year and a half ago, she
asked for pen and paper. It was then
that she wrote the request and handed
it to Dr. Dorsey, who was attending
her. After she recovered, the doctor
asked if the note should be destroyed,
but the writer begged her to keep it,
and see that her wishes were carried
out. Mrs. Brainard said that she
dreaded to be buried, and especially
in a pauper's field.

The dead woman was 62 years old
and for thirty-five years had been a
trained nurse. She was graduated from
the Massachusetts General Hospital
and came to Los Angeles twenty years
ago. She was one of the first persons
who was operated on in Los Angeles
for appendicitis.

The explosion which caused her
death occurred in her home at 146
West Thirty-sixth street, Sunday
night. She was alone at the time.
The cause of the explosion was not
known.

PUBLIC SERVICE—OFFICIAL DOINGS

SUMMARY OF THE DAY.

The proprietor of the Bohemian Grill, whose place was openly violating the laws, was permitted to keep his license but was ordered to remove things that make it "look like a saloon."

The application of the Church Federation for a permit to hold street meetings during June, was denied by the Police Commission.

H. A. Landwehr, president of the Seal of Gold Mining Company, gave \$5000 bail in Justice Summerfield's court, yesterday, pending his arraignment on Thursday morning on three charges of embossing the corporation's bullion.

Judge Niles heard evidence yesterday in Mrs. Johanna Border's contest of the will of George Border on the ground of undue influence exerted by Albert and George Border, her stepsons.

A jury in Judge Smith's court, yesterday, acquitted Charles Stolten, charged with assault with intent to murder Gus Turquist on January 4 at San Pedro.

Mrs. Maria Wheeler's suit to recover \$1000 from George M. Otis on a note was heard by Judge Monroe yesterday and taken under advisement.

Attorney J. C. Crouch, during his examination on a charge of battery preferred against him in Justice Chambers Police Court yesterday, acknowledged he had been convicted of a felony.

Two dealers were fined in Police Court for having an inferior quality of milk in their possession.

AT THE CITY HALL.

"SHADY" GRILL IS GRILLED.

BUT LICENSE IS SAVED BY THE POLICE COMMISSION.

Church Federation is Refused Permit to Hold Meetings on Streets. City Officials do to Insect Devising Section of the Aqueduct, an Expensive Work.

The proprietor of the noisy Bohemian Grill, which openly violated the city liquor laws, on West Second street, was disciplined by the Police Commission yesterday, but why his license was not revoked in one of the things that doesn't appear on the surface. The "shady" designs of the place had been shown up, and the investigation by members of the Police Commission established the facts as printed in The Times, but there was a unanimous desire to save the license. Milling was ordered to remove obscene pictures from the walls, take down certain curtains that decorate the place, remove the bar and close a back door, "so that the place won't look so much like a saloon" to quote the words of Commissioner Woodfill. The indictment looks very much like a wholesale disregard of the regulations governing restaurant houses, and there must be a law to get it. Commissioner Woodfill and Woodfill investigated the location, however, and reported that Freiler could not seat enough people at his counter to make the license pay, and it was refused. The mayor stated that this was done without prejudice and Freiler might make another application after providing for the entertainment of more people. It is seen Freiler do so.

Superintendent Charles B. Hall, who has charge of the city playgrounds, was made a special policeman in order to better equip him for the protection of the city's property and the persons of the children who gather on the playgrounds for recreation.

The Los Angeles Church Federation asked permission to hold Sunday street meetings, at the city officials might be designated by the police department, during the month of June. The committee, headed by George M. Otis, president of the Seal of Gold Mining Company, said it would just open the door for the Socialists and all others who think they should have permits to talk on the streets. The refusal was softened by referring the matter to Chief Egan with power to act.

BIG CONTRACT.

JAWBONE HIFFERON TO BE LET. A. A. Hubbard and D. K. Edwards of the Board of Public Works left for Jawbone Canyon yesterday, in company with City Engineer Homer Hainlin and Assistant Chief Engineer J. B. Lippincott of the aqueduct. A contract is about to be let for a section of the aqueduct, including a great inverted siphon, and the city officials wished to be well acquainted with the details before the specifications are presented for bids. The contract will involve an expenditure of something like \$1,500,000.

AT THE COURTHOUSE.

BATTLE WAGED BY MINING MEN.

BULLION THEFTS CHARGED TO COMPANY'S PRESIDENT.

Three Complaints Sworn to by Riverside Stockholder of Seal of Gold Corporation—Defendant Says This Is Latest in Series of Moves to Oust Him from Control.

As the result of dissensions among the stockholders of the Seal of Gold Mining Company, H. A. Landwehr, its president, was arrested yesterday on three charges of embossing the bullion taken from the company's mine near Amboy. Justice Summerfield fixed bail at \$2500 on each charge. The defendant will be arraigned Thursday morning.

Alexander Strachan, a Riverside stockholder, swore to the complaints which charged the president with the appropriation of \$1515 in gold, representing the clean-ups of February 15, March 1 and March 15.

"We mean to show," said a person connected with the prosecution, that Landwehr ordered the mine foreman to forward bullion to him, that he received it and that the mint certificates for it were deposited to his personal account in the bank with which he does business.

"This is simply another move in a long series of efforts to wrest the control of the corporation from me," said the president yesterday. "I am positively willing to admit that I received

the bullion and that I ordered the mint superintendent to turn it over to me, but I can produce receipts showing that all money received from it was spent by me in paying the corporation's debts.

The Seal of Gold Mining Company was incorporated about five years ago and after various vicissitudes lost control of the O.K. mine in the Dale district, about forty-five miles from Amboy. It bought 50 per cent of the stock in December, 1908, and since then we have gone down to the 100-foot level on the Sugar mine, acquired after we lost the O.K.

"I have begun to get the corporation's affairs on a profitable basis and now Riverside stockholders, including Vice President A. N. Younglove, Secretary E. Evans, H. R. Green and C. H. Lowe, are trying to force me out of my interest. From October to January I bought the ore produced at the mine. Since then I have spent a large part of my time at the six-stamp mill, near the property, and have taken the output at the different levels. These have used the returns in paying the expenses of operation.

"Why, last April, these Riverside people swore out against me a complaint in San Bernardino county for uttering worthless checks in paying mine employees, but the District Court dismissed it when he learned the true facts. Attachments have been put on everything I own and this criminal prosecution is simply another move to force me out."

SHOOT, BUT ACQUITT.

QUARREL OF LONGSHOREMEN.

"I shot Gus Turquist in self-defense," said Charles Stolten, a longshoreman, at his trial in the Superior Court yesterday on the charge of having attempted murder Turquist on January 4 in "Happy Valley," San Pedro.

"Turquist came along about midnight, while I was entertaining a friend in my cabin," continued the witness. "He was drunk and he rapped on my door and invited me to come out and have a drink with him. I told him that I didn't want any liquor and for him to go away. Then he began to swear at me, and called me vile names, and hammered on the door to get in. Finally he threatened me, and I told him to get away or I would shoot. Then he hit the door heavily, so I opened it and took a shot at him, and he went away and had me arrested."

"He fired at me and cut the tendon in my left leg," said Turquist. "I was drunk, and I wouldn't have disturbed Stolten. I was sick in the hospital for several weeks."

The jury acquitted Stolten, who has been in jail since the shooting.

INVOLVED NOTE CASE.

OLD TRANSACTION RECALLED.

Evidence was heard yesterday by Judge Monroe in a suit brought by Mrs. Maria L. Wheeler of Chicago against George M. Otis to recover \$1000, alleged due on a note for \$1100, made by J. E. Otisander in that city in April, 1909, and endorsed by Otis.

The plaintiff asserted that the money was loaned by her, through Attorney M. L. Tachiberry of Chicago, to Otisander, upon application by Otis and E. Zeilander, Otisander's son-in-law, and that the two men agreed to be responsible for the debt, which they wished to use in a real estate deal.

Otisander, who is a partner in the law firm of Otisander, Tachiberry & Co., in Chicago, said that he would give him a release in a few days. He denies that he received any compensation for the endorsement. He also called attention to the fact that for several years after the making of the document he was resident of Tulsa, under the statutes of which State it is outlawed.

The case was taken under advisement.

ACCUSED STEPSON.

WIDOW CONTESTS WILL.

"My husband was very kind to me during the last years of his life, but I always made allowances for I knew him to be unbalanced at times," testified Mrs. Johanna Border before Judge Niles yesterday. She is seeking to have set aside the will of George Border, who died on August 27, 1907, at No. 913 East Twenty-fourth street, leaving her only a life occupancy of the home. Most of the \$10,000 was given to her stepson, Albert, and George, her stepsons, whom the widow charges with exercising undue influence.

"For fully four years before my husband's death," the witness said, "he was very hard to get along with. At times he was quarrelsome and in February, 1904, just before he made his will, he had a quarrel with me. He was very quarrelsome and in February, 1904, just before he made his will, he had a quarrel with me. He was very quarrelsome and in February, 1904, just before he made his will, he had a quarrel with me."

Other neighbors testified that Border had conducted himself in an eccentric manner for a long time before his death, and that it was understood that his wife tolerated his unkindness because she thought him irresponsible. They said that Mrs. Border was a kind wife and devoted to her husband.

The widow avers that her stepson, Albert, was loaned \$2500 by Border before his death, and has made no return of the note to the estate, nor of \$1000 cash that his father had in bank and that he drew.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

RANDOLPH WINS. Epes Randolph, the head of the Southern Pacific interests in Arizona, was given judgment for \$24,785 against Lycourgas Lindsey by Judge Hutton yesterday. This sum represents the balance due on a transaction in which the plaintiff and defendant, it was alleged, were to share equally certain expenses for the development of the American Mexican Goldfields Mining Company. Lindsey denied that any such agreement had been made by him.

DIVORCE DENIED. Judge Wilbur yesterday denied a divorce to both John E. Exall and his wife, Mrs. Exall. The husband sued on statutory grounds, and the wife filed a counterclaim, charging cruelty. The custody of the minor children was awarded to Mrs. Exall, and their father was ordered to give them an allowance.

WILL FILED. Mrs. America P. Johnson, widow and executrix of Edw. P. Johnson, who died in Los Angeles on April 22, yesterday filed her will in the Superior Court for probate. The \$45,000 estate is left to her.

EJECTMENT BOUGHT. Mrs. Julia A. Duffy yesterday filed in the Superior Court a suit against Mrs. Keturah Osborn and O. D. Osborn to eject them from her home, 312 S. Main.

trial. The plaintiff alleges that on April 15, 1908, the defendant took possession of the property without right, and she asks \$100 damages. Mrs. Osborn, who is now in the County Jail serving trial on a charge of obtaining money under false pretenses, is said to have given a \$1500 mortgage on the lot.

MASONS GET STOCK. Judge James yesterday gave judgment for the Southern California Masonic Home Association in its suit against D. C. McFarland, as administrator of the estate of Mrs. L. M. Swanway, to recover sixty shares of stock, worth \$1000, in the Masonic Temple Association. Mrs. Swanway held \$1000 from Mrs. Crocker for the benefit of the Masonic order, and invested it in the stock in the Masonic Temple Association. She died before she had turned the securities over to the intended beneficiary.

GETS FIVE YEARS. R. H. Anderson was sentenced to five years in Folsom by Judge Wilbur yesterday for a fifth check last December. When he was arraigned in January on this charge, he pleaded guilty and was placed on probation. On March 17, he forged another \$10 check on George Gordon. He confessed that he had done it for the benefit of a woman, who has since gone to San Francisco. Sentence was suspended on Anderson's second offense.

TRIALS SET. J. Escovar yesterday pleaded not guilty to burglarizing the Pacific Supply Company's store on April 3, and Judge Wilbur set his trial for May 25. Judge James set for June 11 San Wai's trial on a charge of burglarizing Mrs. R. Wood's apartments on January 4. K. Thibault's trial on a felony charge was set for June 17.

DISMISSED. On the District Attorney's motion, Judge James yesterday dismissed a burglary charge against G. Miller.

ADMITS GUILT. Frank K. Wilson yesterday pleaded guilty to burglarizing J. E. Barnett's dwelling on March 27, and will be sentenced this morning by Judge James.

SEVEN YEARS' SENTENCE. Thomas L. Leighton was yesterday sentenced by Judge James to seven years in Folsom for attempting to burglarize the store of C. P. Sprague, at No. 305 South Olive street, on the night of April 12. When detected by Officer Hollowell, he snatched a gun at the officer.

INCORPORATIONS. Articles of incorporation were filed with the County Clerk yesterday by the Loftus & Perkins Company, capital stock, \$50,000; H. L. Miller & Co., capital stock, \$100,000; and the Aurora Emeralds Mining Company, capital stock, \$25,000.

GRAND LARCENY. On request of Constable D. E. Thompson of Burbank, Sheriff Hammel yesterday arrested Bradford Peck, Jr., who is wanted on a grand larceny charge for a \$1000 worth of goods, at his corpus at once, and at the hearing Judge James declined to order his release, but admitted him to \$1000 bail.

CONTINUED. With the District Attorney's consent, Judge James set today's trial on a charge of embossing \$400 from Richard Ferris has been continued indefinitely. It is said that the case will be set for trial on June 1. The case was set for trial on June 1. The case was set for trial on June 1.

THE INFERIOR COURTS.

FAMILIAR WITH JAIL INTERIOR.

ATTORNEY ADMITS HE SERVED TERM IN PRISON.

Lawyer Crouch, Guilty of Charge of Battery Preferred by Wife, Owns to Having Served Months of San Quentin—Milk Dealers Fined for Selling Inferior Product.

J. C. Crouch, attorney, was found guilty of a charge of battery preferred by his wife, after a trial before Justice Chambers in Police Court yesterday morning.

A second charge of refusing to provide for his four-year-old daughter has yet to be heard. He took the witness stand in his own behalf only after hesitation.

The first question by Prosecuting Attorney Woolwine was the one he most dreaded.

"Have you ever been convicted of a felony?" asked Woolwine. Crouch bowed his head and for a moment his glance rested on the floor. "I have," he answered.

"I merely asked that as a character question," said Attorney Woolwine. Crouch then told the jury that he had been in the penitentiary for four years, and that he had been in the penitentiary for four years, and that he had been in the penitentiary for four years.

Crouch simply stated that he had not beaten his wife and Justice Chambers bowed his head and for a moment his glance rested on the floor. "I have," he answered.

Crouch was tried in a few days on the charge of refusing to provide for his four-year-old daughter. He has not been living with his wife for four years.

It is believed he refused to furnish bail knowing it might be charged up to him when the second trial is called.

Takes Action for Brother. Attorney Paul Schenck yesterday filed a brief in Justice Room's Police Court, in behalf of his brother, John Schenck.

uel Schenck, former Police Commissioner, who is charged with having caused Attorney Bradder W. Lee to be falsely imprisoned.

When Schenck was tried some months ago the jury disagreed. Prosecuting Attorney Woolwine has reopened the case and Attorney Schenck promises a vigorous fight.

Milk Dealers Fined.

Charged with having milk in their possession below the standard required by law, W. D. Bonchelt of No. 760 West First street and William Richards of No. 715 Central avenue were fined \$5 each by Justice Frederickson in Police Court yesterday morning.

They said the milk was up to standard, but their employees failed to stir the milk before selling it. The sample taken by the city chemist showed it to be 1 per cent. below standard in butter fat.

TWICE LOSES CASE.

But Applicant for Imperial Valley Homestead Entry Still Has Chances to Possess Land.

J. B. Morcan, who appealed to the General Land Office at Washington when his application for a homestead entry in the Imperial Valley was rejected by the local United States Land Office, has again lost his case.

"We made our ruling on instructions received from Washington to reject all homestead applications pending resurvey," said Gen. F. C. Freese, commissioner. "Commissioner Denio affirms our decision, but adds that these lands are subject to settlement if Morcan is in possession of the land when which he wished to make entry, and evidence remains there until resurvey, his rights will be protected if asserted within ninety days from the filing of the resurvey plans in this office."

NEW TRIAL ORDERED.

Court of Appeals Reverses Judgment to Bench Below in Mad Carrier's Case.

The case of Henry Larsen against the contractor, Carl Leonard, which was appealed from the Superior Court judgment for the plaintiff, was decided in favor of the defendant, by the Second District Court of Appeal yesterday, and a new trial ordered.

Larsen was employed by Leonard as a hod carrier and fell from a building. He claimed the accident resulted from insecure planks in the scaffolding. The judges of the appellate court, while unable to agree upon all of the law points, state that if the jury could not determine the facts, a new trial is clearly warranted under a general verdict for him.

TIME OF SENTENCE DEFERRED.

Federal Judge Wolburn yesterday continued sentence on E. M. Durant, who pleaded guilty to illegally inclosing government land, until June 1. Assistant United States District Attorney McCormick stated that he was uncertain whether sentence should be imposed according to the original section of the Revised Statutes or its amendment. The original section provided a fine not to exceed \$1000 and imprisonment not to exceed one year. The amendment substituted "or" for "and," giving the court the power to simply impose a fine. It is generally admitted that Durant endeavored to obey the law as he understood it, and merely pleaded guilty to a technical offense upon the practical assurance that a nominal fine be imposed.

PAINFULLY BURNED.

Harry Kiffin, brewman, was painfully burned at noon yesterday while adjusting the feed pipe to the boilers at the Hughes Manufacturing Company, Fort-street and Alameda. Soda was being burned in the boilers when the feed pipe became clogged. Kiffin poked a hole through the obstruction and the refuse burst into flame, searing his face, arms and hands. He was treated at the Receiving Hospital.

The Most Novel Exhibit At the Pure Food Show.

Thousands are attending the Pure Food Show this week, which is given under the auspices of the Retail Grocers' Association. The most unique exhibit and the one that is attracting the most attention, was created by Newmark Bros., and displays their well-known "Blue Line" of teas, coffees, baking powder, spices and flavoring extracts, which are widely advertised as "The Aristocrats of the Kitchen."

The feature of this exhibit is a gigantic collection of their baking powder cans. It is an exact facsimile of the real can and is reproduced in blue, gold and white. The can boasts up literally above the other exhibits and should be a winning advertisement for "Newmark's Pure Baking Powder."

and is now engaged in perfecting the galloway frame. When these improvements are completed three full shifts will be put on striking the main shaft. The recent strike upon the Sunnyside already noticed in these columns, is considered of the utmost importance to the camp. The property is situated one and a half miles northwest of town and now shows seven feet of ore that will run in the neighborhood of \$20. The discovery has considerably extended the known area of mineralization and seems to suggest that values are better with some depth. Surface assays from the Sunnyside gave no better than \$10.00 per ton.

Arrangements for an excursion to be run from this city about May 15 are now being made with the Santa Fe and Salt Lake railroads and Hart citizens believe that the merchants of Los Angeles will be glad of an opportunity of visiting the nearest solid camp in large numbers. The town of Hart is directly tributary to this city and must depend upon it for all supplies.

Robert Atkinson, secretary of the Johnnie Consolidated Mining Company, has just received the following letter from President and Superintendent Fred W. Beau de Zart, who is now at the mine making a thorough examination.

"I understand that there are rumors floating around Los Angeles to the effect that conditions at the mine are unsatisfactory. I wish to go on record in stating that there is more ore of good value in sight than has ever been shown before and while the next bar of bullion may not show sufficient increase in size to warrant any extravagant ideas, it is owing to the fact that I have had to contend with large bodies of ore and waste that were left in such condition that it was cheaper for me to run it through the mill than to hoist it. From this date on, however, marked improvement should result. On the 28th, 29th, 30th and 31st we have one continuous ore chute that will take us a long time to work out and every day development to the north is uncovering more and more ore. I am not writing this to unduly excite our stockholders, but if they will be a little patient we shall be able to substantially reward them. The more I am of its future. Development heretofore has been in the wrong direction and our values are low. We are now immediately under the big mountain on which our water tanks are placed and every day's work is showing that our surmise is correct."

THE OIL INDUSTRY.
PERUVIAN WELLS NOT SUCCESSFUL.
PRODUCT OF TWO GUSHERS FALLS TO INSIGNIFICANCE.

Whittier Brothers Still Prospecting Near Lake Titicaca in the Andes, but Get Nothing in Third Hole. Union Will Increase Stock Capitalization Soon.

The efforts of Los Angeles capitalists to get oil in the Peruvian Andes near Lake Titicaca have not met with complete success to date. Two holes were drilled by the Titicaca Oil Company, owned chiefly by the Whittier brothers of this city, in that region 15,000 feet above sea level. At a little below 200 feet the first developed a thousand-barrel gusher and the second showed up with 600. This lasted, however, but a very short time and now the two 'barrels' are about all they will yield. A third hole drilled a few hundred feet away failed to strike oil and although carried to 700 feet, where it developed into a water well. The company is continuing its efforts to locate the main body of stratum of oil that clearly exists somewhere in that district. That found is a very high gravity paraffin base petroleum, excellent for refining and exceedingly valuable in that country where there is no fuel produced. The railroad has declared its readiness to buy all petroleum suitable for engines at very high prices.

Another company of Americans has begun work within a few miles of the Whittier wells.

Will Increase Capital.
As a means of better handling its constantly growing interests the Union Oil Company has determined upon a reorganization which will involve an increase of capital stock to the amount of perhaps fifty millions or five times as much as the present capitalization.

Petroleum Odds and Ends.
The rotary rig is expected to have a trial very shortly in the Sherman field where nothing but the standard drill has ever been used before. The rotary is a great improvement and has been used before in California.

MUSIC AND THE STAGE.

John D. Ledingwell, Francis Wilson's business manager, who arrived in Los Angeles yesterday, is more than delighted with conditions that prevail at present in the large cities of the Pacific Coast—and especially in California. "Business is steadily bad," said Mr. Ledingwell, "after one leaves Mississippi River until the final drop over the mountain into this state. The larger cities before that are just now worth-while to a theatrical attraction of the magnitude, and it is only California which pays a star to come West at all."

He supposed there are various reasons for that, but, however, the fact in general may be influenced, I think, that California maintains an independent position, and runs along on a steady even trend of prosperity.

For another thing, the rise of the movie picture theater has done much to injure the patronage of the theaters in the whole territory. It is not that the picture theater is true enough, but it strikes right at the gallery and the balcony, which are the most important part in filling a house.

On the whole, the Western season year, is not a profitable one, for California is the one state in which conditions seem unchanged—and the fact that California is long, and the state is high."

The annual benefit of the Los Angeles Theatrical Managers' Association, scheduled for Friday afternoon at the Grand Opera-house, is engaging the attention of most of the actors and actresses of the city just now. The programme is an ambitious combination of vaudeville, musical comedy and drama, with a generous dash of the most treasured traditions of the opera house company. The occasion is one that elicits the hearty and enthusiastic services of visiting artists as the local thespians, for no one is better than the players themselves in the many deeds of charity performed by the Managers' Association for its organization a number of years ago.

This association, comprising local theater managers—who are the first money for the aid of the struggling actors at the time of the San Pedro earthquake, \$1400 representative contribution from the Managers' Association. Since that period the managers have expended over \$4000 for charitable purposes, the major portion of this amount being the results of the annual benefits the association conducts.

The year's programme promises more entertainment than ever before. The first act people will be told by manager Sidney Brown to go to do their best—or worst—at 1 o'clock sharp, and the bill will consist of the Orpheum will contribute a number of its best current acts; the Bureau company will offer the first act, the sprightly "A Trip to China"; the Balsano company will be in Richard Baskin, Sheridan's "The Critic," Adele Hamilton will display her admirable talent in a number of selections; the Orpheum company will give the acts of "Forgiveness," "The Opera House," from the Orpheum will add portions of "The Cook Lady," Mr. Behymer's quartette will present several songs, while the bill will be rounded out with volunteers from The Empire, augmented orchestra—there will be thirty musicians in the pit; the direction of Signor Frankenstein will furnish good music, while the orchestra and the box office, and even the ushers will all their shoulders to the wheel and in a good, substantial whirl—and the name of charity, the managers announce that the bill is of such length as to make it necessary to have all the necessary and auxiliary attendants with them at all hours at so much per hour, will also be lacking at the 1 o'clock Friday afternoon.

Mr. Kilgour, Mrs. Kilgour and Mrs. Montell were guests of Charles yesterday, and later left on the Los Angeles Limited for the East. Signor is bound for Atlantic City. Miss Montell's destination is Philadelphia.

Mr. Pertina, a genius of too many parts, is the real headline attraction of the Orpheum bill this week, and alert, sinuous and unbroken, he is the embodiment of a real art and expresses in her fan- tasy of motion not only rhythm, but the very spirit of the performance.

Mr. E. Evans and his company, who have a number of months' run, still using as a vehicle Arthur's clever farce, "The Boy to You, William," a troupe of acrobatic cellists, a brilliant performance in dexterity and daring, and all the latest demand most perfectly. The Brothers and Burns, featuring healthy slices of broad comedy melody on a variety of from legitimate instruments to a tuning of tenuous tone.

Goldiggers are Daisy Harcourt, comedienne; Master Gabriel, "The Visit," a divergence of Brown; Hoey and Lea, musical comedy, a "popular" species, with a melody for topical airs, and Ida Kanjoist.

Mr. A. Smith, who has just returned from an extended piano study, gave a concert last night at Auditorium, which was com- mended with an approving com- mune of Miss Smith's friends and acquaintances.

Young pianist, though exhibit- ing maturity, shows evidences of serious training, and acquitted himself in a difficult programme to the delight of her audience. Her playing is promising, and her inter- ests are spirited and enthus- iastic.

Assisted by Miss Blanche, who sang several selections, Smith's numbers included com- positions by Bach, Beethoven, Hummel, Haydn, Penfield, Chopin, and Liszt.

Her red-velvet hat for May con- sidered of concert numbers, was a feature of "Bohème," the "Guillette from "Bohème," "Bohème," a duet from "Bohème," and a duet from "Bohème," besides a variety of other selections.

Her quartette, while a good sounding, is not an affair of art. It is by Sembrich, and there is not that harmo- nious which has been com- mended.

SEVENTH AND HILL.

Nevertheless it is a "best seller" and will no doubt fill a popular demand. Far superior in point of fine effective- ness is the "Bohème" quartette, by Caruso, Farrar, Viofara and Scotti. Here the blending of tone is exquisite, but the voices are used without forcing—Caruso's great fault lately—and the general execution is thoroughly in accord with the spirit of the composition.

The one novelty is a Value Lente by Richard Barthelmy, set to verses in French by Mr. Caruso. Incidentally, that gentleman's pronunciation of French is far more distinct than a year ago, and this value as a whole is a delightfully pleasing bit of light music.

Mr. Scotti and Miss Farrar contribute the "Mimi, lo son!" from "Bohème," a beautiful bit of melody which they sing perfectly to phonographic reproduction, and Miss Farrar and Mr. Caruso are heard in the final Act from "Mimi, lo son!" Sembrich and Kamas revive the Letter duet from "Nesse di Figaro," and Gadek has a new Wagnerian selection, and an Irish folk song, in English, by Arthur Foote.

This somewhat remarkable collection also includes Gounod's familiar "Sing, Smile, Slumber," by Mme. Calve, and a new song by Carrie Jacobs Bond, sung by Mme. Schumann-Heink.

"Fighting Bob," Fischer's comedy for this week, has a line of original humor, new songs and new specialties. Miss Beattie Tannehill, Miss Nellie Montgomery, Evan Baldwin, Herb Bell, George Morrell and Fred Gambold are the principals in the piece.

The Theater Royal, burlesque house on South Main street, has been closed for ten days for alterations.

Manager Fischer's new Chronophone theater, where the new combination talking-moving picture machine is being installed, will open this evening. The location is on Spring street, between Fourth and Fifth.

The Effect of Smoking.
A London specialist has been giving his views on smoking to the Daily Mail. This authority declares that the cigarette, if the smoke is not inhaled, is the least harmful way of smoking. But if the smoke is inhaled it is the most rapid form of heart poisoning you can get. It will affect a young man heart quicker than clear or pipe smoking affects a man between 55 and 65, at which age a man is to be affected with the better the clears the more "like- ly" it is that harm will be done. There- fore smoke cabbage, the Havana cigars are worse than any others."

Make Another Room of Your Porch

You need Vudor Porch Shades to get the most out of your porch.
To make it a spot where you can rest or work on the hottest days—outdoors, yet free from the sun's glare and heat.

You can do this with Vudor Porch Shades; you can add to the house another room, cool and shady, where you may enjoy every refreshing breeze, in secluded comfort.

Another good feature about them is the peculiar fact that those sitting on the porch can see out, but passersby cannot see in. In other words, you have complete privacy, and can use the porch or veranda the same as an inside room, with infinitely more comfort on hot days.

Vudor Porch Shades are just the thing for "boxing in" porches or balconies that are to be used as outdoor sleeping or living apartments.

---	---	---

Porch Shades and Hammocks

When the porch becomes virtually a living room, during the warm summer days, porch shades and screens count among the necessities, rather than the luxuries.

Tusculum Porch Screens most satisfactorily solve the problem of letting cooling breezes in, and keeping direct sunlight and the glare of passers-by out. Made from flat or round wood in green or natural shades, in all sizes; they are absolutely unique in porch shade construction, and are guaranteed to give satisfactory appearance and durability.

Bring in the dimensions of your porch, and we'll figure with you as to cost of applying Tusculum shades. Japanese porch screens in green or natural cane, 3x6 feet, sixty cents. La Crose and other well known, standard hammocks, sanitary, strong and reversible, \$1.50 to \$5 each. Family hammocks, with a capacity of four, made to sustain 1200 pounds weight, 2½x2 yards, \$5.00. Baby hammocks, \$1.75 each.

<p>\$1.50 Silk Hose, \$1 Pr.</p> <p>Silk hosiery will be within the reach of almost any woman's purse, at today's price:</p> <p>Pure thread silk hose, in black, white, tan, light blue, pink, lavender and other pleasing shades; regularly \$1.50 a pair, on special sale for . . . \$1.00</p>	<p>85c Taffetas 60c Yard</p> <p>Some two thousand yds. of extra good taffetas came to us at a price which lets us give you a splendid saving, and a remarkably good value at the same time:</p> <p>16-inch colored taffetas (white and black, too), in light, medium and evening shades, suitable for waists, foundations for crapes, mousselines, grenadines, etc.; 40c to 50c a yard. In the medium and darker shades, for petticoats and drop skirts; extra good values, at 85c, now . . . 60c</p>	<p>Protect Your Furs</p> <p>No further use for furs this season—unless, perhaps, you're going "back East." Cold storage means considerable cost; here's a very inexpensive protection against moth and a thoroughly good one, too:</p> <p>Tar paper bags, 30x36, large enough to contain several garments at once; a full dress suit, or like article . . . 75c</p> <p>Tar Paper—dozen sheets of double strength, 30x36 . . . 60c</p>

Opponent of Aqueduct Work Sharply Reproved.

Chamber of Commerce Smiles Untruthful Smith.

His Statements False, Misleading, Unfair.

To enlighten the members of Congress as to the personal motives underlying Congressman Smith's vicious attacks upon the Owens River project and his recent bitter arraignment of Chief Forester Pinchot's efforts to conserve the waters of the river by an extension of the forest reserve, the Chamber of Commerce has adopted a set of resolutions, copies of which will be sent to every Congressman.

The resolutions present a dignified but pungent statement of Congressman Smith's attitude toward the great water project of the West, and the view taken of his position here.

Smith, in a recent speech in the House of Representatives relating to a proposed extension of the Sierra forest reserve, attacked the administration of the Forestry Bureau, presided over by Pinchot, because of its favorable attitude toward such extension.

His statements, the chamber notes, were, in several important particulars, grossly unfair, misleading and false, and were calculated to deceive members of Congress and other persons not acquainted with the facts, to the prejudice of the Forestry Bureau, and to the injury of Los Angeles in connection with its project for obtaining a water supply from the Owens River Valley.

Smith charged the bureau with seeking to have such forestry extension made in order to obtain control of water rights in the Owens valley, in the interest of "one party," favored by it, who desired to secure the rights to the exclusion of other citizens, and having earlier appropriations, thus conveying to the House the impression that such favored party was a private individual or corporation. Having made such charge, he persistently evaded questions by other members of Congress, which, if candidly answered, would have disclosed the fact that the party referred to was not a private individual or corporation, but the city of Los Angeles, and that the chief forester, desiring to aid this city in carrying out its project, had refused to approve certain private power and water schemes conflicting therewith, and it was only when compelled by the pointed inquiries of other members of Congress that Smith finally stated: "I think, perhaps, in justice to the House, I should throw one side-light on this question. The party I have referred to as desiring to obtain the monopoly of the water in the valley is the city of Los Angeles."

Smith also endeavored, in his speech, to discredit and injure the city's water project by asserting that nothing has been done toward carrying it out, "except some preliminary work," and to finance that undertaking. This assertion also was false, as Smith well knew, or might easily have ascertained had he desired to make a candid and truthful statement on the subject.

The Pauper of Park Lane.

By William LeQueux.

CHAPTER VII. CONTAINS SOME REVELATIONS. Max Barclay retraced his steps along Oxford street, much puzzled. What Marion had told him was both startling and curious, in face of the sudden disappearance of the doctor and his daughter. If the latter had made a confession, as she apparently had, then Marion was, after all, perfectly within her right in not betraying her friend.

Yet what could that confession be? What was the "terrible confession" which Marion had said it was "a terrible confession," and as he went along he tried in vain to imagine its nature.

The morning was bright and sunlit, and Oxford street was already busy. About the Grosvenor Gardens front traffic had already begun, and the windows of the big drapery shops were already attracting the feminine crowds with their announcements of "summer sales" and belts of "great bargains."

For a moment he paused at the curb, then, entering a hansom, he drove to Harmer's Store, the great emporium in Knightsbridge, which had been engaged in the removal of the doctor's furniture.

Without much difficulty he found the manager, a short, sharp, little, freckle-faced, straddled-legged business man, and explained the nature of his inquiry.

"The man seemed somewhat puzzled, and, going to a desk, opened a big ledger and slowly turned the pages. 'If this is the man you mean, I am mistaken,' he said. 'We have had no removal of that name yesterday.'"

"But they were at Cromwell Road last night," he declared. "The police saw them there." "The police could not have seen any of our vans removing furniture from Cromwell Road last night," protested the manager. "See here for yourself. Yesterday there were four removals only—Cromwell Road, Fitzjohn's, and so on."

"The goods in question were removed by you from Cromwell Road and stored in your depository at Chiswick." "I think, sir, you really must be mistaken," replied the manager, shaking his head. "Did you see our vans there yourself?"

Closing Out POSITIVELY RETIRING FROM BUSINESS

THE PARIS CLOAK AND SUIT HOUSE, established for the past seven years, will finally retire from business. The management has other interests which require their undivided attention, and for this reason the stock of the Paris will be closed out in the shortest possible time—30 DAYS IS THE LIMIT. Nothing will be reserved—prices cut to the limit—everything must go. If you need stylish new garments, if you appreciate an opportunity to save money, come to the PARIS at once and supply your needs before assortments are broken. We mean business. This is a bona-fide proposition, and early comers will get the benefit of the big saving. Read the prices, then come at once.

YOUR HOME will be healthier when you keep bottled Schlitz. The barley is food—the hops are a tonic. And the drinking of liquids flushes the system of waste. Every doctor knows that most people drink too little. On this account, their systems become clogged with waste. There lies the main good of watering places. They induce the drinking of water. That is one reason why the drinking of beer is good for you. It leads you to drink more liquid than you would drink without it. And that liquid is both a food and a tonic. The sturdiest peoples of the earth drink the most of it. But be sure that the beer is aged, so it will not cause biliousness. And be sure it is pure. Schlitz beer is all healthfulness.

EVENTS

GREAT interest, both in the East, is the announcement of the engagement of Miss Alice Schaeffer, daughter of Mr. and Mrs. J. H. Schaeffer, to Mr. E. Richard Just, a young business man of Los Angeles.

Miss Alice Schaeffer, who is a very popular young woman, was born in Los Angeles, and is a graduate of the University of California. She is now residing in Los Angeles.

Mr. E. Richard Just, who is a young business man of Los Angeles, is a graduate of the University of California. He is now residing in Los Angeles.

The wedding of Miss Alice Schaeffer and Mr. E. Richard Just will take place in Los Angeles, California, on May 10, 1914.

EVENTS IN LOCAL SOCIETY.

GREAT interest, both here and in the East, is the announcement of the engagement of Miss Alma Morgan, daughter of the Morgan and Company, Miss Schaefer, daughter of Mr. and Mrs. H. Schaefer, and is very popular and attractive. The wedding, which will take place at the home of Mrs. Max, will be the culmination of a romance which began during the days of the young people. Mr. Morgan purchased a fine bungalow on a quiet street near Figueroa.

Card Party. Edward W. Cason gave a card party, yesterday afternoon, at his home in Hollywood as a courtesy to Miss Lillian R. who will leave this week for the East. The party was attended by Mrs. Burton V. Collins, A. Jepson, Miss May Cypier.

Miss Churchill Guest. Miss Marion Churchill, whose engagement to David McCartney was announced several weeks ago, was the guest of honor yesterday afternoon at an elaborate pink luncheon given by the Misses Blanche, Florence and Lois Woodhead of No. 225 Vermont avenue. The table centerpiece was a cluster of pink roses arranged in a cut-glass vase, and at the end of the table was a bique Cupid pointing at Miss Churchill an arrow, which the Misses were pink stressers, fastened to a brass belt pendant from the chandeliers. Plates were marked with hand-painted cards bearing the guests' names in gold. Those present included: Misses Carey, Marble, Edner, Miss Gertrude Churchill, Miss Cordelia Stinson of Pasadena, Miss Ruth McIntyre, Miss McInyre, Miss Gardner, Miss Maude Miller, Miss Marble, Miss Mahabel Polmester, Miss Pearl King, Miss Irene La Fette and Miss Estelle Williamson. Later, games were played and the prize was captured by Miss Williamson.

BABY ENTRIES DELIGHT. Prize Show, Under Exposition Auspices, Attracts Many—Attendance Increases Daily. "Have you got the nerve to say that your kid is the finest one in this whole lot?"

This was the question put to F. D. Stevenson yesterday afternoon at Elsie Park. His small son, Arthur F., had been voted by popular vote to be the finest child in the group of 123 little folks, all under 4 years of age, who were entries in the baby show held under the management of the Pure Food Exposition.

The questioner looked menacing; he also had a son and heir in that group of babies. The proud father of the cup winner "hedged" in his reply. "Why, no," he answered, disclaiming all responsibility, "I do not say so; the people say so."

More than 1000 persons inspected the children. How widely their opinions differed is shown by the fact that the "finest" secured only seventy-four of the thousand votes. The second prize winner was Genevieve Fry, daughter of Mrs. Charles A. Fry of No. 1815 Vermont avenue, who received fifty-one votes.

The rest of the ballots were distributed among a fetching array of little ones, including five Mexican babies, and a happy pickaninny, chewing a piece of bacon rind. The attendance at the food show during the last two days has been greatly in excess of that of last week. Yesterday more than 6000 people saw the exhibits and attended the performances in the amusement annex.

HOUSE CONCERN FAILS. Pickle Company in Hands of Creditors—Assets Believed Equal to Liabilities. James Hill & Sons Co., the largest pickle and vinegar concern in the city, and one of the leaders in its line in the West, has gone to the wall and the business is in the hands of creditors. R. J. Waters, president of the Citizens' National Bank, has been selected as the head of a committee to take charge of the affairs. The liabilities exceed \$50,000 but it is expected that the assets will amount to an equal sum.

The company has been practically insolvent for several months and bankruptcy proceedings in the Federal Court were not averted by its willingness to turn its property over to the creditors. The plant on Kella street will be operated as formerly, but the branch in San Francisco will probably be sold. There is a large stock of raw material on hand, which will be worked up into the finished product before any radical change is made.

The concern has been in business for many years. Its factory has been enlarged several times and, about ten years ago, an effort was made to secure business all over the country. Many lines, not now manufactured, were put on the market and sold to various States. This venture did not prove profitable and later the business was confined to the West.

About a year ago, the National Vinegar and Pickle Company of this city was consolidated with the Hill Company and it is said that the merger resulted in differences that hastened the failure. The James Hill & Sons Co. was credited with a vain attempt to create a pickle trust. There is much competition in this line on the coast and profits are said to be small. The Citizens' National Bank is one of the chief local creditors.

HORSFORD'S ACID PHOSPHATE. Relieves Nervous Disorders. Headaches, neuralgia, and restlessness. Rebuilds the nervous system. Shortest Line to New York. Via Chicago, via St. Louis or via Cincinnati, is the Pennsylvania, with through trains leaving the cities at convenient hours. For time and particulars about fares, write M. E. Allover Lace Stockings for women—black and colors—striped patterns—even some with silk embroidery, 15c pair. Ten extra tables filled with the values in the basement—see the windows tonight—be prompt and early—sale begins sharp at 8 this morning.

TWENTY MILES OF COAL RIGHT HERE IN CALIFORNIA

Immense Deposits Uncovered in Monterey and San Benito Counties

THE MONTEREY COAL COMPANY owns and controls more than 20,000 acres of Coal, Clay and Oil land, located about midway between San Francisco and Los Angeles and about seventy-five miles from Monterey Bay, and about twenty miles eastward from the town of King City, San Lucas and San Ardo, on the Coast line of the S.P.R.R.

It will no doubt surprise Californians to learn that such enormous deposits of clean bituminous coal could have existed in California all these years without having been developed and placed on the market, but the fact remains that we have millions of tons of this commercial necessity right here at home which is equal in quality, to the best coals used on the Pacific Coast for steaming and domestic purposes.

Wm. Ireland, Jr., formerly State Mineralogist and State Engineer, says: "This company has all it claims and more, that the coal deposits are practically inexhaustible," the developments of which will revolutionize the industrial life of California. The coal can be placed in Los Angeles at \$2.00 per ton, including all expenses. These coal fields are capable of producing 2000 tons per day for a century. The development work is being pushed ahead as rapidly as possible with a view to shipping 500 tons per day by Jan. 1st, and 1,000 tons per day by June 1st, 1909.

Machinery capable of hoisting 1000 tons per day is being installed at the opening of the double incline shafts toward the north end of the property. H. W. Turner, who was eighteen years with the U. S. Geological Survey, in speaking of this property, says that "undoubtedly with only slight interruptions the coal bearing formation extends across the entire length of the Monterey Coal Company's property, a distance of twenty miles."

The Monterey-San Benito Coal field is undoubtedly the best that has thus far been opened up in California. Speaking of the Traflet Mine, Mr. Turner further says: "The coal seam here measures six feet in thickness and is quite uniform. It is all clean coal with no bone or carbonaceous shale layers, in other words there will be no waste in the coal."

There are seven distinct veins on this property from four to fifteen feet in thickness. There are also extensive beds of hard clay suitable for making high-grade brick, pottery, etc. A railroad, twenty-two miles in length is under construction to be completed by Jan. 1st, connecting with King City.

This is without question the most promising investment offered on the Pacific Coast. Write for prospectus.

THE POLITICAL WATCHTOWER

Tony Schwann and his regulars have succeeded in capturing all the Democratic caucus but one, and last night they were in possession of the works. From the direct-regular room of the Democratic Club they dictated terms of surrender to a few stragglers, who threw down their arms when the "volunteers" decided to keep away from Saturday night's caucus.

At noon the Southwestern Democratic Club announced publicly that it will not take part in the caucus, but will trust to the reform element of the party turning out on May 5 and electing delegates to a state to be named later. To this programme there is one exception. Joe Simons has driven the regulars right off the high ground. He is an undisputed possession of the sixty-ninth Assembly District. The regulars will not attempt to hold a caucus there.

The slate for delegates-at-large, as announced last night, is: Nathan Cole, Jr., and Mayor Arthur C. Harper, for delegates from this Congress district; Indore Dockweiler and Timothy Spillars, for delegates-at-large north of Telegraph; Theodore Bell and E. M. Fitzgerald.

Joe Simons and Dick Warner will go as delegates-at-large if the Southwestern Democratic League wins in San Antonio and the San Francisco Democratic Club wins in the North.

Caucuses will be held by the Democratic regulars Saturday night as follows: Seventeenth Assembly District—No. 607 Central avenue. Seventy-second Assembly District—Grosser's Hall, No. 1460 Central avenue.

Seventy-third Assembly District—Hill and State street. Seventy-fourth Assembly District—No. 411 East Third street. Seventy-fifth Assembly District—Broadway Hall, No. 120 North Main street.

The "volunteers," under Joe Simons, in the sixty-ninth Assembly District, will meet Saturday night at No. 2207 East Fourth street, Boyle Heights.

At such of the caucuses of the regulars a resolution will be presented calling for an instructed state delegation for Bryan. Nathan Cole has this matter in hand, and he is seeking to have the resolution formally adopted, so that the county delegation will go instructed to the state convention.

With the first signs of weakening on the part of the volunteers the regulars have assumed an air of superiority. Two weeks ago they were willing that certain local Democrats should be elected for state delegates on both tickets. Flushed with victory, they have now word to all the doubtful ones that the most prudent decision is favor of the "regular" nominee or they cannot have a place on the ticket.

This ultimatum has been sent to T. E. Gibson and to Matthew H. Jones, who expected to be on the tickets. Ernest C. MacKenzie, Democratic nominee of the Seventy-ninth Assembly District, went to the Democratic Club at night for a conference with Harper and Cole. At the conclusion he announced that he and Gibson and Jones must purge themselves of "volunteer" rose water or they cannot go to the state convention.

There isn't to be any reorganization of the Democratic Club, after all. Just as soon as the "volunteers" agreed to go into the party caucuses the "regulars" called round their friends in the club and sent the reformers scurrying for cover.

Last night the directors met to discuss club conditions. Patsy Clark and George Calk were distinguished guests. After passing resolutions endorsing their management of club affairs the directors adopted a rule against gambling in the club, the sentiment is unanimous that all the money expended in the club rooms must pass over the bar.

In the future the open door policy is to prevail; the management is instructed to remove the locks from all the doors and to see that there is no card playing except in the cafe. The sinks must be liquid refreshments only.

Mayor Harper suggested in the secret session that all the present directors should resign and that a meeting of the club membership should be called to elect new directors and select a committee to manage the club. The brotherly plea for reorganization, but he did not shed tears nor break up the furniture. The vote was voted down, even his old friend, Joe Moser, turning against him. The directors objected almost to a man to resigning "under fire."

There is going to be "something different" at the smoker in the Egyptian League rooms at 1234 South Spring street Saturday night. The House Committee has prepared a new entertainment and is keeping the details a secret; there are a few surprises in store for some of the old line Republicans who generally attend these functions.

Sale Women's Hosiery

The Greatest Sale of Black Lace Hose

that was ever held anywhere. Strong statement, yes, but there is nothing too strong or too good to say about this sale. We cannot begin to show you even a part of the enthusiasm we feel about this hosiery sale. In a few words, this sale and these hose are just a little better than the best.

HOSIERY

For 20c Lace Lisle Hosiery For women and children. A choice lot of new patterns. All occasional pairs slightly defective. None of them, but what are worth twice as much as the price asked.
